

ARAN ISLANDS HOTEL

Aran Islands
Óstán Árann Hotel

TAKE YOUR TEAM OUT OF THE OFFICE.
BRING THEM BACK WITH A PLAN.

Corporate retreats, strategy sessions and team
events on Inis Mór

Two productive days. One distinctive setting. Everything your team needs in one place.

DIFFERENT SURROUNDINGS. CLEARER THINKING.

Give your team the space to focus

The best off-sites create more than a change of scenery. They give people time to think properly, speak openly and make decisions without the usual interruptions.

An overnight retreat on Inis Mór allows your team to concentrate on the work that matters, strengthen relationships and return with clearer priorities.

Ideal for:

Leadership retreats

Strategy sessions

Start-up events

Training

Networking

Team building

Arrive by ferry or by air and settle into island time.

EVERYTHING IN ONE PLACE

Less Organising. More time together

At Aran Islands Hotel, your group can meet, eat, stay and relax in one location.

- Flexible meeting and workshop space
- Hotel rooms and Atlantic-view chalets
- Buffet breakfast with every overnight stay
- Soup and sandwiches during the working day
- Three-course group dinner
- A full bar and restaurant
- Bike hire directly from the hotel

BUILD THE ISLAND INTO YOUR PROGRAMME

Work with purpose. Then get outside

Begin with a focused workshop or strategy session, then give the team time to reset outdoors.

Bike hire is available directly from the hotel, so the group can explore together without complicated additional planning.

Cycling, walking routes, coastal scenery and heritage sites create a natural change of pace between sessions and give colleagues time to connect beyond the meeting room.

KEEP THE WHOLE TEAM TOGETHER

Hotel rooms and Atlantic-view chalets

There is no need to divide the group between different properties.

Your team can stay together in comfortable hotel rooms and bedroom chalets overlooking the Atlantic landscape, with buffet breakfast included the following morning. That means less transport, easier organisation and more useful time together.

Where the conversations continue

Dinner, drinks and relaxed evenings
The working day may end, but some of the most valuable conversations often happen afterwards.

Move easily from the meeting space to a three-course dinner, drinks at the bar and a relaxed evening with colleagues.

A Shared Experience beyond the meeting room

Build time into the retreat to visit ancient stone forts, sandy beaches, historic churches and the limestone landscape of Inis Mór.

Follow quiet coastal roads or simply give the team time to explore at their own pace.

FROM TEAMS OF 8 TO 70

Sample team retreat

Programmes can be adjusted around your objectives, ferry times and preferred activities.
